This morning, after the traditional ceremony of throwing your “sacs” on to the ocean, we will visit the beautiful cathedral in Santiago de Compostela, the town of St. James. We will take part in the morning *Pilgrim Mass when the swinging “botafumeiro” is celebrated.*

The “botafumeiro” is a three-foot high iron incenser that is suspended by a two hundred-foot rope and swung over the heads of the congregation. An impressive feature of the cathedral is the Portico de la Gloria, which is located just inside the main entrance. Through the centuries, millions of pilgrims have touched the central pillar. After a thousand years of embracing and touching, the stone has been left smooth and worn. The relics of St. James, the apostle, repose in the high altar. Pilgrims can follow the centuries-old tradition of climbing the stairs behind the altar to kiss the shells that rest on the golden statue of the saint. Below the statue is the crypt that contains the bones of St. James in a silver reliquary. *Farewell Dinner and overnight in Santiago*
