We pass the city of Malaga, travel through the mountains of Malaga, cross the plains of La Vega de Antequera and arrive at the Moorish city of Cordoba. Cordoba is one of the few cities in the world still characterized by a tremendous feeling of spirit. Founded by the Carthaginians, Cordoba was conquered by the Romans, invaded by the Goths and rebuilt by the Moors in 711, when Cordoba became the capital of the vast Emirate. In the middle of the 8th century a new emir, Abderraman I came to

power and gave Cordoba a glorious period of prosperity, reaching its peak with Abderraman II. In the 10th century Cordoba became the most densely populated and civilized city in the West. Its mosque became the richest and most splendid Islamic monument. We will visit the Mosque/Cathedral, one of the most impressive buildings in the world, pass through the Jewish quarter strongly influenced by Islamic and Mudejar art, see the Roman Bridge, the Synagogue, the only one preserved in Andalusia and dating back to the XIV century and a pleasant walk through the Jewish quarter. Dinner with wine at your hotel (B,D)

Day 4, Friday: Full Day Sightseeing Tour of Granada & The Alhambra Palace

After a hearty buffet breakfast, drive along the Costa del Sol through the mountains of Malaga towards Granada. Halfway we will stop briefly in Loja. As we enter the city you'll be able to see the peaks of the white-capped Sierra Nevada Mountains. A sightseeing city-tour will lead us to the Alhambra Palace. "Alhambra" is an Arabic word that means red, the color of its fortified walls. Built during the 13th and 14th century, it took nearly 100 years to be completed. Visit includes the Court of the Myrtle's, the Court of the Lions, the Hall of Secrets, the Hall of the Ambassadors, and the Alcazaba, the castle that guarded the Palace. We will also visit the beautiful gardens of the Generalife with its green water gardens and the fountains that inspired several famous Spanish composers. Over the centuries the Alhambra gradually fell into ruins but, curiously, it was the American Author Washington Irving who helped prod the city into having the monument restored. Irving lived in the palace early in the 19th century, where he wrote his book "Tales of the Alhambra". Now the Alhambra is completely restored and rebuilt. Late afternoon return to your hotel in time for Dinner with wine at your hotel (B,D)

Our visit will start with the Alcazar, which served both as Palace and Fort, and will continue in the Cathedral, a unique beauty all its own combining old Arabic and Christian architecture. The cathedral was built on top of a former mosque and is now the third largest in the world. Adjoining it, the Giralda tower stands 322 feet high. We continue our visit to the Barrio de Santa Cruz, the old Jewish quarter where we will ramble along the narrow streets with its small bars and restaurants.
